Bay Harbor Guild Gives Hospital Equipment

As a result of their efforts during the club year of 1965-66, Bay Harbor Hospital Guild has presented life-saving equipment to the hospital.

The Guild, a volunteer organization, raised the money for the purchase of the equipment with their annual barbecue and bazaar and from the gift shop, which it maintains in the hospital.

The two major pieces of equipment are a cryostat and a spectrophotometer. The cryostat is a frozen section machine used in surgery and the spectrophotometer is used in the study of blood, mainly with newborns.

Proceeds from the barbecue and bazaar totaled more than \$5,000 and the Guild was presented with a check for \$3,400 from the Gift Shop committee.

In addition to the two machines, a stainless steel pharmaceutical refrigerator was purchased by the Guild for the hospital's pharmacy.

The Bay Harbor Hospital Guild is comprised of 66 volunteer members, working throughout the hospital. In addition, there is a Candy Stripper organization, made up of 24 teenager girls, who

volunteer their evenings and weekends in services to the hospitalized patients.
